Changes to the Emergency Dental Service

From the 7th July 2007, Pembrokeshire Local Health Board will be commissioning an emergency dental service on a Saturday at Winch Lane Health Centre, Haverfordwest and on a Sunday at Tenby Cottage Hospital. Clinics will also be held on Bank Holidays.

For information on how to access this service please telephone the NHS Direct dental information line on 0845 60 10 128.

Please note that only patients with an appointment will be seen (patients will no longer be able to turn up at Winch Lane Health Centre and wait to be seen on a first come first served basis).

Members of the public can contact the Local Health Board on 01437 771 257 to add their name to the dental unregistered patient waiting list. Names from this list will be passed to any new dentist accepting NHS patients.
