

HOUSING NEEDS SURVEY

It's Time to Have Your Say

Our Thanks

A big thank you to all the people who helped design the questions for this survey. The response from the community was excellent.

Their input on housing now and in the future has shaped the survey that we are now sending out – we urge everyone to tell us what you want.

What is the point?

We worked with Pembrokeshire County Council, Pembrokeshire Coast National Park Authority and were invited to contribute to the Welsh Government consultation. They are very interested in what we are doing and in the responses you will give. This is a survey about our community, what we need and what is happening here. Newport Town Council want to use this survey to effect change so please give us your support.
